5:00-5:30 PM: Review of Fire Fighter Applications: Council has the option to come ahead of the meeting and review the firefighter applications if you would like to see to review them ahead of the interviews. If this time does not work, please contact staff and we can make the applications available to you at a different time.

WORK SESSION
UPPER CONFERENCE ROOM
5:30 PM

5:30 pm: Interview #1
5:45 pm: Interview #2
6:00 pm: Discussion of Candidates

Fire Fighter Interviews: The Fire Department hiring committee has been interviewing candidates for the fire fighter positions that are open. They are recommending that the council interview two of the candidates and consider hiring both of them. We have the following interview times set up to interview these two candidates. If you would like to review applications prior to interviews, they will be available at city hall prior to the meeting. You can come ahead of the interview and review them if you would like.

6:10 pm: **Water Tower Discussion:**
Staff would like to discuss with the Council the status of painting the water towers. We would like to get some direction from the Council on whether they are interested in considering this further this year. If so, would you like to consider the maintenance contract that was presented last year again by SEH or would they like to consider other options. At this meeting, we would like to just get some direction. We can have discussion in more detail on this at a later meeting.

6:25 pm: **Other Business**
