Amphitheater Update

Staff would like to provide the Council with an update on the Amphitheater Project as it relates to the design and bonding process, as well as discussing the next steps moving forward.

Review Animal Control Ordinance

As staff continues to work on implementing new financial software which impacts many of our licensing requirements and processes, they would like to discuss with the City Council about our Animal Control Ordinance and animal licensing. There are several cities that have either gone to a lifetime license or have eliminated the need to license animals all together. Provisions still remain in place to have animals vaccinated, along with all other provisions of the Ordinance that impact animals. Staff would like to discuss this in more detail with the Council.
