WHERE MINNESOTA CONNECTS

**COUNCIL WORK SESSION
April 10, 2017 at 5:00 P.M.
Upper Level Conference Room**

5:00-5:20 pm: REZONING OF HELD PROPERTY FOR SOLAR ARRAY

Phyl Carlson of Stantec is the representative of Novell Energy. Novell is the company seeking a rezoning for the Held Property for Solar Array. Phyl has requested to contact council members individually regarding this request which will come before the council in May. Rather than reaching out to each of you individually, we felt it would be good for him to discuss this proposal with you in a work session ahead of the Council considering the request.

5:20-6:05 pm: Axon Software & Smartphones

Staff would like to discuss with the Council their thoughts on implementing the Axon Software and Smart Phones. The Axon Software provides many valuable tools for officers including body cameras, video capabilities, and pictures. The Axon Software uses the Smart Phone technology for these tools and staff would like to discuss their thoughts on the implementation of these tools with the Council in more detail.
