PROCLAMATION HONORING THE LIFE AND SERVICE OF EDWARD A. BAUER

WHEREAS, Edward A. Bauer was a lifelong resident of the City of Waite Park, Minnesota, who devoted most of his 83 years to the community he proudly called home; and

WHEREAS, Ed Bauer served the City of Waite Park with distinction as a member of the Waite Park Fire Department for 25 years, including his leadership as Fire Chief from 1981 to 1992, dedicating countless hours to protecting the lives and property of Waite Park residents; and

WHEREAS, Ed Bauer exemplified the spirit of public service, volunteerism, and civic pride, contributing his time, talents, and leadership to numerous community events and traditions that strengthened Waite Park's sense of identity and togetherness; and

WHEREAS, Ed Bauer was actively involved in and supportive of beloved community events including the Waite Park Spass Tag, local car shows, and the Pantowners, where his enthusiasm, craftsmanship, and passion for automobiles brought people together and created lasting memories; and

WHEREAS, through his long-time business, Bauer Incorporated, and his welcoming shop, Ed Bauer became a trusted friend, mentor, and problem-solver to generations of residents, always willing to lend a hand, share his knowledge, or offer a listening ear; and

WHEREAS, Ed Bauer was widely regarded as one of Waite Park's unofficial historians, preserving stories, honoring traditions, and sharing the history of the community with pride, humor, and deep affection; and

WHEREAS, Ed Bauer's life reflected values of faith, family, service, craftsmanship, and kindness, leaving an enduring impact on the City of Waite Park and all who had the privilege of knowing him;

NOW, THEREFORE, BE IT PROCLAIMED, that the City Council of the City of Waite Park does hereby honor and remember **Edward A. Bauer** for his extraordinary service, dedication, and lifelong commitment to the City of Waite Park; and

BE IT FURTHER PROCLAIMED, that the City Council extends its deepest gratitude for Ed Bauer's contributions to public safety, community life, and civic tradition, and offers heartfelt condolences to his family, friends, and all who mourn his passing; and

BE IT FURTHER PROCLAIMED , that Ed Bauer’s legacy of service, community pride, and generosity of spirit shall be remembered as an enduring example of what it means to serve and love the City of Waite Park.

IN WITNESS WHEREOF , I have hereunto set my hand and caused the Seal of the City of Waite Park to be affixed this 2nd day of February 2026.

Kenneth Schmitt, Mayor
City of Waite Park

Adjourn

1. CALL TO ORDER

A meeting of the Waite Park City Council was held on Monday, December 15, 2025, beginning at 6:30 PM.

MEMBERS PRESENT

Members present were Mayor Schmitt, Members Schulz, Starling and Theisen

MEMBERS ABSENT

Member Blackburn

CITY REPRESENTATIVES PRESENT

City Representatives present or on the call were Administrator Johnson, Public Works Supervisor Dubai, Planning and Community Development Director Noerenberg, City Clerk Brenny, Finance Director Virnig, Police Chief Reznicek, Chief Aleshire, and City Engineer Blommel.

OTHERS PRESENT

Jeff Reiter, Custom Builders

2. PLEDGE OF ALLEGIANCE**3. PUBLIC INPUT****4. COUNCIL AGENDA**

Member Theisen moved to approve the agenda with the addition of item H. Fire Captains on the Regular Agenda, seconded by Member Starling. Motion carried unanimously.

5. CONSENT AGENDA

- 5.A. Approve 11/17/25 Council Meeting Minutes
- 5.B. Approve 12/01/25 Council Meeting Minutes
- 5.C. Approve Fire Department Pension Increase
- 5.D. Approve Siya Hospitality Hotel License Renewal
- 5.E. Approve Building Inspections Contract
- 5.F. Approve 2026 Position & Pay Grade Listing
- 5.G. Approve 2026 Part-Time, Temporary, Fire & Election Salary Schedule
- 5.H. Approve 2026 Union & Non-Union Salary Schedules
- 5.I. Approve 2025 Write-Offs
- 5.J. Approve Appointment of IT Specialist and Approve Eligibility List to Expire June 20, 2026

Member Schulz moved to approve the consent agenda as presented, seconded by Member Starling. Motion carried unanimously.

6. REGULAR AGENDA**6.A. PUBLIC HEARING – APPENDIX B FEE SCHEDULE**

Council and members of the public were able to review the proposed changes to the Appendix B Fee Schedule, including utility rates prior to the meeting.

Public hearing was opened at 6:33pm.

Member Theisen moved to close the public hearing at 6:34pm, seconded by Member Starling. Motion carried unanimously.

Member Theisen moved to approve Appendix B – Waite Park Schedule of Fee Charges and Summary Publication as presented, seconded by Member Starling. Motion carried unanimously.

6.B. 2026 BUDGET, LEVY & GAMBLING DONATIONS

The 2026 Preliminary Budget was approved back in September. The final General Fund Budget is recommended to be set at \$14,191,506. A copy of the resolution is attached, which also includes a list of the 2026 Special Revenue Fund Budgets to be approved. In addition, a detailed 2026 Budget document is included for review and consideration, which includes the 2026 Goals & Objectives, Staffing Plans, Capital Improvement Plans, and Strategic Tactical Plans.

The 2026 Preliminary Tax Levy was certified to the County in September of 2025. The final 2026 Tax Levy needs to be approved by the City Council and must be certified to the County by December 31, 2025. The 2026 tax levy is recommended to be set at \$12,843,200. A copy of the resolution is attached.

The City Council reviewed the Gambling Donation requests for 2026. A list of those donation requests is attached. Staff are recommending the Council approve the list as presented. The donations will be disbursed based on funds available, as well as the timing of when they were paid in previous years to the respective organizations.

Member Starling moved to adopt the 2026 General and Special Fund Budgets per Resolution, and the 2026 Budget Document, which includes the 2026 Goals and Objectives, Staffing Plans, Capital Improvement Plans, and Strategic Tactical Plans. Motion seconded by Member Schulz. Motion carried unanimously.

Member Schulz moved to adopt the 2026 Tax Levy per resolution, seconded by Member Starling. Motion carried unanimously.

Member Theisen moved to approve the 2026 Gambling Donations as presented, seconded by Member Schulz. Motion carried unanimously.

6.C. UPDATED PRELIMINARY & FINAL PLAT – METRO BUS WESTERN TRANSIT CENTER

This request has been submitted by property owner Metro Bus, for updated review of preliminary and final plat of Metro Bus Western Transit Center and request for modified City determination regarding parkland dedication fee.

Upon review of Metro Bus staff of terms of the previous plat approval considered and approved by the City Council at their November 17th meeting, they noted concern with the required City parkland dedication fee of \$38,730.

Staff have reviewed ordinance and consulted with City Attorney and there is option in City subdivision ordinance by which the parkland dedication fee can be omitted if the platting serves a public purpose, not just explicitly park use. Upon review and consideration, staff believes the proposed utilization of the property for Metro Bus Western Transit Center fulfills that due to their nature as a public transit provider.

Staff are supportive of the updated request for City to forego payment of parkland dedication fee due to the project being public in nature, as allowed for in City subdivision ordinance.

Member Schulz moved to approve the adoption of the resolution authorizing preliminary and final plat of Metro Bus Western Transit Center, seconded by Member Starling. Motion carried unanimously.

6.D. 2026 APPOINTMENTS

The City Council annually approves appointments to the various boards and committees the City has. Proposed appointments for Councils review and consideration were provided at the meeting. The proposed appointments had gone out for application acceptance. All positions up for consideration had applications accepted by the person currently holding the position.

Interviews were held for fire department positions at the work session.

Clerk Brenny said that something Council can consider is that St. Cloud Live asked to be considered as the official newspaper. Member Starling stated she liked St. Cloud Live versus the St. Cloud Times.

6.A. PUBLIC HEARING – APPENDIX B FEE SCHEDULE (Cont.)

Member Schulz moved to approve the proposed appointments as listed, excluding the Official Newspaper, seconded by Member Starling. Motion carried unanimously.

Member Starling moved to appoint St. Cloud Live as the Official Newspaper, seconded by Theisen. Motion carried unanimously.

6.E. CONSIDER VACTOR TRUCK PURCHASE

Public Works is requesting to proceed with the purchase of a Vactor Truck. The total cost for this item is \$650,000. The purchase will be financed with a 5-year loan. Funding for this equipment is included in the 5-year capital equipment plan and will be allocated from the Streets, Water, and Sewer funds as all three departments utilize this equipment. Our existing Vactor will be traded for \$32,650 as part of the purchase.

The cost breakdown was provided as:

\$590,640.00 (Final cost of Vactor)
 -\$32,650.00 (Trade-in)
\$557,990.00 + \$5,000.00 (Tariff Surcharge)
 \$562,990.00 (Final Price before financing)

Financing/Lease (5 years through NCL Government Capital)
 \$127,301.52 Per year
 X 5 Years
 \$656,507.60
+ 500.00 (Documentation Fee at closing)
 \$637,007.60 Total Cost to the City

Member Starling moved to approve the Vactor Truck purchase for \$650,000 as presented, seconded by Member Theisen. Motion carried unanimously.

6.F. CONSIDER HIRING PROCESS FOR WARMING HOUSE ATTENDANT

The Council will need to consider authorizing the hiring process for a Warming House Attendant. This is a temporary part-time position during the winter, hours would be evenings and weekends. The position will pay \$15.00 an hour. The job offer will be contingent on the completion of the employment background screening process.

Member Theisen moved to authorize the hiring process for the Warming House Attendant, seconded by Member Starling. Motion carried unanimously.

6.G. EXISTING COUNCIL CHAMBERS MODIFICATION

During construction of the Police and City Hall facility, there was the question of keeping the existing dormers in place. The dormers have leaked over the lifetime of the building. The new modifications that will be put into that space (which was the council chambers) will be offices and have a new ceiling. The space above the offices will be a large void conditioned space. If the dormers and/or the end oval windows leak, the offices below would have to be taken apart to get the equipment in there to resolve the issue. Also, the windows at the time, when it was used for council meetings, did add extra sunlight. Under the new configuration, the windows bring no value for sunlight and become a liability for the facility.

The solution that is being brought forward is to remove the dormers and the windows in the dormers and remove the oval windows on the ends of the building and block up. Which means the roof will need to be replaced. This is one action of two, that is needed for the council chambers. The estimated cost for the work is \$171,000 Along with this work, a separate item that the council needs to approve is the final treatment of the concrete block on the existing council chambers. BKV presented at the last work session 12-1-25 some options for the council to consider.

Option 1 is to do nothing.

Option 2 is to stain the existing block on the 13th Ave side with a black stain. This would cover up the in-fill block, that will be on the front to fill in where the window was and where the venting is no longer needed. The staining will match the architectural plan of the tying in the new building and the fire dept.

6.G. EXISTING COUNCIL CHAMBERS MODIFICATION (Cont.)

Option 3 was the same staining but building a two soffit around the gable end from ground level up and around.

Option 2 was \$102,000 and Option 3 was \$200,000.

Questions arose during the work session on the warranty of staining masonry block, along with references. Council directed the architect BKV to get more information and bring it back to the council. This information was put together in the agenda packet for Council's review.

Member Theisen moved to approve removing the windows and dormers and reroof on the old council chambers roof for a cost of \$172,000, seconded by Member Starling. Motion carried unanimously.

Member Schulz moved to approve Option 2 as shown for staining and using architectural finishes on the front of the old council chambers for a cost of \$102,000, seconded by Member Starling.

Member Theisen said he does not approve of the staining method, until he can see other buildings that have had it done, in person.

Ayes: Mayor Schmitt, Members Schulz and Starling

Nays: Member Theisen

Absent: Member Blackburn

Abstain: None

Motion carried 3-1.

6.H. FIRE CAPTAINS

Member Theisen moved to appoint Riley Aleshire as Fire Captain in his current Captain position, and Paul Koslowske as a Training Fire Captain, seconded by Member Starling. Motion carried unanimously.

7. COUNCIL/MAYOR

7.A. APPROVE BILLS; OTHER BUSINESS

Member Theisen moved to approve the bills as presented, seconded by Member Starling. Motion carried unanimously.

8. ADMINISTRATOR UPDATE

Administrator Johnson asked Council to move the January council meeting to January 12th as she believed she would have search firms ready for consideration by the 12th, but would not have them ready by the 5th.

Administrator said the Steel Topping Ceremony for the City Hall/Public Safety project would be on December 29th at 1pm.

Adjournment

Member Theisen moved to adjourn the meeting, seconded by Member Starling. Motion carried unanimously. Mayor Schmitt adjourned the meeting at 6:57pm.

Kenneth Schmitt
Mayor

Adrianna Brenny
City Clerk

Staff Report:

Council approval is requested for a New Massage Enterprise License. Massage Enterprise, Revive Holistic Therapy is located at 65 3rd St NE, Waite Park. The owner, Amber Yamry, has submitted the applications. Credit & background checks have been completed, all fees have been paid and signed off by the Police Chief. For any further questions, please see City Clerk.

Staff Report:

Attached for Council approval is a temporary Minnesota Lawful Gambling Application for Exempt Permit for the St. Joseph Volunteer Fire Dept Relief Association. The St. Joseph Volunteer Fire Dept Relief Association will be holding a Raffle at 500 Division St, Waite Park, MN 56387. This event is scheduled to take place on March 21, 2026. For additional information, please see City Administrative Staff.

Staff Report:

Attached for Council approval is a temporary Minnesota Lawful Gambling Application for Exempt Permit for the Rotaract Club of St. Cloud. The Rotaract Club of St. Cloud will be holding a Raffle at 1101 Division St, Waite Park, MN 56387. This event is scheduled to take place on April 21, 2026. For additional information, please see City Administrative Staff.

Staff Report:

Council approval is requested for a 1-Day Temporary Liquor License for Society of Pius X St Cloud dba St. Robert Bellarmine located at 108 6th Ave N, Waite Park, MN 56387. The event is scheduled to take place on March 21, 2026. All fees, applications, and insurance have been submitted. Staff recommends approval of the application. For additional information, please see City Admin Staff.

Staff Report:

Staff applied for, and received, a \$5000 grant from the League of Minnesota Cities to help offset the cost of preparing funding applications related to the replacement of Lead Water Service Lines within the City. As a result of the grant, SEH will assist staff in the preparation a funding application through the public facilities authority's lead service line program. Funds will be requested for replacement of services identified as either lead or galvanized requiring replacement.

One condition of the grant is to provide the LMC a resolution from the City Council formally accepting the grant.

**RESOLUTION NO. 020226-
CITY OF WAITE PARK**

A RESOLUTION ACCEPTING GRANT NAVIGATOR FUNDING

WHEREAS, the League of Minnesota Cities (“LMC”) has created a pilot Grants Navigation Program (“Grant”) in which LMC provides grants up to \$5,000 per city to use with industry partners to ease the process of identifying matching funds to city projects and aid in the grant application projects.

WHEREAS, the City of Waite Park (“City”) submitted an application for the Grant, a copy of which is attached hereto as Exhibit A (“Application”) for support in finding grant funding for Lead Service line replacement funding.
 (“Project”).

WHEREAS, the City has been notified that it has been awarded \$5,000 from the Grant (“Funding”) to find additional grant funding for the Project.

WHEREAS, the city council has determined that it is in the best interests of the City to accept the Funding and proceed with hiring a contractor to assist in finding additional grant opportunities for the Project as noted in the Application, subject to the terms and conditions of the Grant.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WAITE PARK, MINNESOTA AS FOLLOWS:

1. The City accepts the Funding in order to seek additional grant opportunities to complete the Project consistent with the findings in the Application.
2. The City shall use the Funding to enter into an agreement with Short Elliott Hendrickson Inc (“Contractor”) to find additional grant funding for the Project in a manner consistent with the terms and conditions of the Grant and the Application.
3. Bill Schluenz is hereby appointed as the City’s Authorizing Agent related to the Grant and the Project.
4. The Authorizing Agent is granted the authority to commit the City to any terms and conditions required to accept the Grant.
5. The Authorizing Agent is granted the authority and directed to execute any documents necessary to accept the Funding.
6. The Authorizing Agent shall serve as the City’s official liaison with the entity issuing the Grant.
7. The Authorizing Agent is granted the authority to direct City staff and the Contractor in matters related to accepting the Grant and finding funding for the Project.
8. If a state, federal, foundation, or nonprofit grant match is not found, or is applied to but not awarded, the City will seek feedback on why the project was not eligible and report back to LMC with these findings consistent with the terms and conditions of the Grant.

9. If a state, federal, foundation, or nonprofit grant is awarded, a project assessment will be submitted to LMC within six months of the application's approval and then periodically until after project completion consistent with the terms and conditions of the Grant.

Adopted by the Waite Park City Council on the 2nd day of February 2026.

Attest:

Kenneth Schmitt
Mayor

Adrianna Brenny
City Clerk

ACTION ON THIS RESOLUTION:

I hereby certify that the foregoing is a true and correct copy of a resolution adopted by the City Council of the City of Waite Park, MN, at a duly authorized meeting held on 02/02/2026.

Adrianna Brenny
City Clerk

Staff Report: Approve Fire Chief job description amendments

The city council approved the job description for the Fire Chief full-time position. As part of this approval, the city council approved amending the job description by changing the education requirement from a two-year degree to a four-year degree. With this change, the job description was reviewed again by Baker Tilly and this change moved the position from 460 points to 500 points and from pay grade 10 (\$99,277.25-\$133,276.80) to a pay grade 11 (\$106,474.85-\$142,939.37). These changes were also discussed with MGT, our recently hired search firm, to determine whether they had any concerns with this change as it relates to finding qualified candidates. They support the changes and believe this will not be a factor in limiting our candidate pool.

Staff recommend amending the Fire Chief job description to reflect the points moving from 460 to 500 and from a pay grade 10 to a pay grade 11.

Fire Chief

FLSA Status: Exempt

Pay Grade ~~10~~ 11

Points: ~~460~~ 500

General Definition of Work

The Fire Chief serves as the executive leader of a paid-per-response municipal fire department, providing strategic direction, operational oversight, and administrative management. This position is responsible for ensuring the effective delivery of fire suppression, emergency response, fire prevention, and public education services within the community. The Fire Chief works closely with regional partners—including neighboring cities, regional fire chiefs, emergency management officials, and mutual-aid organizations—to strengthen service delivery across the greater Central MN area.

This position leads, supports, and develops a team of paid-per-response firefighters, focusing on recruitment, retention, training, and readiness.

Qualification Requirements

To perform this job successfully, an individual must be able to perform each essential function satisfactorily. The requirements listed below are representative of the knowledge, skill and/or ability required. Reasonable accommodations may be made to enable an individual with disabilities to perform the essential functions.

Essential Functions

Strategic Leadership and Department Oversight

- Provide overall vision, strategic leadership, and executive oversight for the Fire Department, guiding the organization to meet the fire service needs of today, tomorrow, and the future.
- Establish a long-term vision for fire service delivery that reflects community needs, evolving risks, industry trends, regional opportunities, and fiscal realities.
- Lead the evaluation and development of fire service delivery models that balance public safety outcomes, operational effectiveness, regional collaboration, and budget constraints.
- Advise the City Administrator and City Council on fire service strategies, staffing models, facilities, equipment, and long-range planning considerations.
- Ensure department goals, policies, and initiatives align with the City's strategic priorities and public safety objectives.

Operational Leadership

- Develop, implement, and evaluate fire department policies, procedures, and training programs in alignment with best practices and regulations.
- Participate in emergency response activities as appropriate, including major or complex incidents, to maintain operational awareness, build strong working relationships with department personnel, and support effective leadership of the organization.
- Maintain a comprehensive understanding of department operations, call response activity, and service demands to effectively manage the department and make informed, forward-looking recommendations for operational improvements and future service delivery.

Fire Chief

Personnel Management & Recruitment

- Provides overall leadership and oversight of Fire Department personnel, establishing clear expectations, organizational structure and performance standards.
- Directly supervises command staff and key leadership positions while maintaining indirect supervision of department personnel.
- Promotes a positive, professional, and team-oriented culture focused on safety, accountability, leadership development, and service excellence.
- Support recruitment, retention, and workforce sustainability initiatives for the department in collaboration with department leadership.
- Ensures personnel understand expectations and receive adequate support, guidance, and development.

Regional Collaboration

- Works collaboratively with fire departments and emergency services throughout the Central MN region, including mutual aid associations, training groups, and county agencies.
- Participates in regional planning efforts for emergency operations, shared services, joint training, and resource coordination.
- Represents the City at regional fire chief meetings, emergency management committees, and intergovernmental work groups.
- Monitor emerging fire service trends, technology, and service models to position the city for future challenges and opportunities.

Fire Prevention, Education & Community Outreach

- Develop and oversee fire prevention programs, including school-based education, public safety campaigns, and community events.
- Manage business pre-incident planning to ensure effective emergency response strategies.
- Build relationships with residents, businesses, and community groups to promote fire safety awareness and readiness.
- Ensure that all prevention, education, and outreach initiatives are driven by the primary goal of protecting the safety, security, and resilience of Waite Park residents and businesses.
- Work in coordination with all city departments for life safety and fire code issues including but not limited to Fire Marshall and fire inspection duties.

Administration & Budget Management

- Prepare, present, and manage the annual department budget, including capital planning with a focus on sustainability and long-term financial impacts.
- Maintain accurate reports, records, and documentation in compliance with city, state, and federal requirements.
- Identify and pursue grant funding and alternative revenue opportunities to support department goals, operations, and capital needs.

Knowledge, Skills and Abilities

- Demonstrated experience in fire service leadership, including command experience at fire and other emergency scenes.
- Comprehensive knowledge of modern firefighting tactics, fire prevention, emergency medical response principles, and incident management systems.
- Working knowledge of Minnesota fire and building codes, NFPA standards, and applicable laws and regulations.

Fire Chief

Preferred Qualifications

- Prior experience leading or managing a full-time, paid-on-call, or paid-per-response fire department.
- Experience working with regional mutual aid groups and interagency partnerships.
- Fire Instructor, Fire Officer, Fire Inspector, or Incident Safety Officer certifications.
- Experience in budget administration, capital planning, and department-level management.
- Training in emergency management (NIMS/ICS 100, 200, 300, 400, 700, 800).

Education and Experience

- Must be eighteen (18) years or older.
- ~~Associate~~ Bachelor's degree required in fire science, business, administration, or related field.
- Five years of supervisory experience required.
- Knowledge of OSHA Safety Regulations and training requirements.

Physical Requirements

This work requires the frequent exertion of up to 40 pounds of force and occasional exertion of up to 100 pounds of force; work regularly requires sitting, speaking or hearing and using hands to finger, handle or feel, frequently requires standing, walking, reaching with hands and arms, lifting and repetitive motions and occasionally requires climbing or balancing, stooping, kneeling, crouching or crawling, tasting or smelling and pushing or pulling; work requires close vision, distance vision, ability to adjust focus, depth perception, color perception, night vision and peripheral vision; vocal communication is required for expressing or exchanging ideas by means of the spoken word and conveying detailed or important instructions to others accurately, loudly or quickly; hearing is required to perceive information at normal spoken word levels and to receive detailed information through oral communications and/or to make fine distinctions in sound; work requires preparing and analyzing written or computer data, visual inspection involving small defects and/or small parts, using of measuring devices, assembly or fabrication of parts within arm's length, operating machines, operating motor vehicles or equipment and observing general surroundings and activities; work frequently requires exposure to outdoor weather conditions and occasionally requires exposure to fumes or airborne particles, exposure to toxic or caustic chemicals, exposure to the risk of electrical shock, working with explosives, exposure to vibration and exposure to bloodborne pathogens and may be required to wear specialized personal protective equipment; work is generally in a moderately noisy location (e.g. business office, light traffic).

Special Requirements

- Availability to promptly respond with an approximate 30-minutes response to major emergency situations involving the fire department and subject to call out 24 hours a day, 7 days a week.
- Valid Firefighter I & II certifications (or equivalent), with ability to obtain Minnesota certifications as required.
- State First Responder or EMT certification (or ability to obtain within designated timeframe).
- Valid Minnesota driver's license.

Staff Report:

Issue: Approve (part-time, year-round) Public Works Worker Appointment

BACKGROUND:

The City has an opening within the Public Works Department for a part-time year-round Public Works Worker. Staff is requesting your consideration of re-hiring Larry Atkinson to the position. The job offer will be contingent on the completion of the employment background screening process.

Lori Glanz

Human Resources Generalist

Staff Report:

Issue: 2026 Sundial Drive Improvements

BACKGROUND:

As part of the Statute 429 assessment process the City engineer must complete a study to evaluate the feasibility of construction of municipal improvements. This study has been completed and is included in the council packet. The study evaluates the cost and proposed assessments associated with the City’s assessment policy and past precedence. In accordance with that precedence the city proposes to specially assess new improvements to benefiting properties on the roadways served by the project.

REQUIRED ACTION:

Approve or Deny acceptance of the feasibility study and to order the public hearing

RECOMMENDED ACTIONS:

Adopt Resolution 020226- and set public hearing for February 17th at 6:30 PM.

SUGGESTED MOTION:

Council member _____ moved to approve OR deny Resolution 020226- and set public hearing for February 17th at 6:30 PM, as presented OR with the following revisions: _____

Council member _____ seconded the motion.

ROLL CALL

- Councilmember Sarah Starling _____
- Councilmember Vic Schulz _____

**A RESOLUTION RECEIVING FEASIBILITY REPORT AND CALLING HEARING ON
IMPROVEMENT**

WHEREAS, pursuant to resolution of the council adopted December 1, 2025, a report has been prepared by the City Engineer with reference to proposed Improvement No. 2026-01, the improvement Sundial Drive between 2nd Avenue South and 10th Avenue South. Streets will be improved by conversion from rural section to urban section plus the addition of pedestrian improvements. This report was received by the council on February 02, 2026, and

WHEREAS, the report provides information regarding whether the proposed improvement is necessary, cost-effective, and feasible; whether it should best be made as proposed or in connection with some other improvement; the estimated cost of the improvement as recommended; and a description of the methodology used to calculate individual assessments for affected parcels.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF WAITE PARK, MINNESOTA:

1. The council will consider the improvement of such street in accordance with the report and the assessment of abutting property for all or a portion of the cost of the improvement pursuant to Minnesota Statutes, Chapter 429 at an estimated total cost of the improvement of \$2,179,746.08.

2. A public hearing shall be held on such proposed improvement on the 17th day of February 2026, in the temporary council chambers located at District 742 Administration Building 1201 2nd Street South at 6:30 p.m. and the clerk shall give mailed and published notice of such hearing and improvement as required by law.

Adopted by the Waite Park City Council on the 2nd day of February 2026.

Attest:

Kenneth Schmitt
Mayor

Adrianna Brenny
City Clerk

ACTION ON THIS RESOLUTION:

Motion for adoption:

Seconded by:

Voted in favor of:

Voted against:

Abstained:

Absent:

Resolution adopted.

I hereby certify that the foregoing is a true and correct copy of a resolution adopted by the City Council of the City of Waite Park, MN, at a duly authorized meeting held on 2/2/2026

Adrianna Brenny
City Clerk

RE: 2026 Sundial Drive Improvements
Feasibility Report
Waite Park, Minnesota
SEH No. WAITE 188912 4.00

Mr. Bill Schluez
City of Waite Park, Minnesota
19 13th Avenue North
Waite Park, MN 56387

Dear Mr. Schluez:

Enclosed is the Feasibility Report for the above referenced improvement. It includes recommendations, probable costs, and proposed assessments.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dave Blommel".

Dave Blommel, PE
Sr. Project Manager

Feasibility Report

2026 Sundial Drive Improvements

Prepared for City of Waite Park, Minnesota

1 Project Scope

This report has been prepared for the City of Waite park to provide information regarding street and utility improvements on the following roadways:

- Sundial Drive between 10th Avenue South and 2nd Avenue South

2 Feasibility

The project, as presented in this report, is both cost effective and feasible from an engineering perspective. The opinions of probable project cost are presented to assist the City in determining the feasibility of the project from a fiscal perspective. The projects are necessary to replace failed bituminous street pavements and to provide sanitary sewer and water system access to the area.

3 Existing Conditions

The existing roadway segment is approximately 2,680 feet long and 42 feet wide, constructed as a rural section with open ditches on both sides for drainage. Sundial Drive is currently striped with 2-12 lanes and wide shoulders. It was most recently reconstructed in 2000 when the roadway was expanded from a 24' wide road originally constructed in 1974. The roadway section currently consists of 12" of sand, 8" of reclaimed bituminous mixed with aggregate base, and 4.5" of bituminous pavement. In its current section the roadway is built with a capacity of approximately 9 tons, assuming modest heavy commercial truck traffic. The western 300 feet of the roadway does have concrete curb and gutter in fair condition. It is anticipated that this curb will remain in place.

The corridor is surrounded primarily by commercial and industrial land uses, contributing to consistently high volumes of heavy truck traffic. Major users along the route include Bernick's and Wacosa, both of which generate significant freight and employee movements. On the east end of the roadway, a new transit hub for Metro Bus is scheduled to open in 2026 increasing transit activity in the area. The west end will be home to Community Christian School in fall 2026, further diversifying the corridor's user base and increasing daily traffic from student and parent vehicles. A total of 18 businesses will utilize Sundial Drive their primary access once the 2026 projects are complete.

Current pedestrian facilities in the corridor are limited to a single crosswalk with push button signs located between the buildings owned by Wacosa on either side of Sundial Drive. Wacosa staff have expressed the need for additional pedestrian facilities including sidewalks or trails that currently do not exist. Pedestrians are forced to utilize the existing shoulders and do not have dedicated walks. Both 10th Avenue to the west and 2nd Avenue to the east have sidewalk on both sides of the roadway. The nearest east / west link between these facilities is located on 7th Street South.

The roadway currently contains water main and sanitary sewer lines that are in good condition, with no plans for replacement included in the scope of upcoming improvements. These utilities have been inspected and are expected to continue providing reliable service for the foreseeable future. Additionally, there is a large diameter storm sewer along, under and across Sundial Drive, which collects and conveys runoff to the pond located in Rock Island Park. This storm sewer drains a very large area, and it is critical that it remains in place. Properties adjacent to the roadway have reported drainage concerns related to the very flat grades on the sites. Most of these properties rely on surface drainage generally directed towards the roadway.

Lighting in the roadway is intermittent with 3 overhead cobra style light fixtures spread along the length of the roadway. Private lighting systems from parking lots do contribute some lighting to the roadway, but not significantly. The lights are owned and maintained by Xcel Energy for a monthly fee.

4 Proposed Project

The proposed project will transition the roadway from rural section to urban section. Ditches will be filled and grade brought to match the existing conditions. The urban section near 10th Avenue will be extended all the way to 2nd Avenue with concrete curb and gutter being installed on both sides of the roadway. Existing driveways will be connected using a concrete apron regardless of driveway material. Beyond the apron the existing material will be matched.

The roadway will be built to a 10-ton section which will consist of:

- 5.5 inches of bituminous pavement (installed in 3 lifts)
- 4 inches of virgin aggregate
- 8 inches of recycled in place pavement

The roadway geometrics will transition from its current 2 lane configuration with wide shoulders to a three-lane configuration including a 2-way center left turn lane. Each driving lane will be 12' wide with a 14' center turn lane. A small shoulder will be in place to further facilitate truck movements.

In addition to the concrete curb and gutter, a concrete sidewalk will be provided. This report reviews the cost justification of placing a single 8' wide sidewalk on the south side of the roadway compared to a 6' wide walk on both sides of the roadway. There have been requests from adjacent businesses to have a walk on both sides of the roadway.

New concrete storm sewer will be required to collect runoff from the roadway. The storm sewer will connect to the existing system with treatment being provided by Rock Island Park's large storm pond. Improvements to the pond itself with this project are not anticipated. Beyond the storm sewer in the roadway, many adjacent properties have surface drainage along the lot lines that will be collected by the installation of catch basins or aprons at those lot lines.

Pedestrian and accessibility challenges will be addressed with the addition of dedicated sidewalk(s) along Sundial. The project has evaluated both a 6' walk on both sides of the roadway and a single 8' walk on the south side of the roadway. Both construction options are viable and cost considerations will factor into the selected option. In addition to the current businesses that have pedestrian (primary WACOSA) Both the new school and the new transit terminal will create additional pedestrian needs on Sundial Drive. The transit facility is on the north side of the road and the school on the south.

With the additional pedestrian facilities, there will likely be a request for upgraded lighting. Adequate right of way does exist to install lighting behind the new sidewalk(s) but it may not be feasible from a cost standpoint. Given the industrial nature of the area, either a decorative system, or a more traditional system are both viable options. Choosing a one sided or two-sided system will also be dependent on the selection of sidewalk style. The costs of both options are included in the cost discussion of the report.

5 Project Cost

The project cost is summarized in the table below. A full estimate can be found in the appendix. The table shows costs for both sidewalk options as well as splitting the costs between reconstruction (city cost) and the new improvements (assessable cost).

Table 1 – Project Cost for Sidewalk on One Side

Item	Reconstruction	New Construction	Cost
General Costs	\$114,788.63	\$92,546.37	\$207,335.00
Street Costs	\$748,992.00	\$229,092.00	\$978,084.00
Sidewalk Costs	\$0.00	\$114,000.00	\$114,000.00
Storm Sewer Costs	\$0.00	\$260,770.00	\$260,770.00
Engineering / Finance / Administration	\$274,727.96	\$221,494.72	\$496,222.68
Total	\$1,138,508.59	\$917,903.09	\$2,056,411.68

Table 2 – Project Cost for Sidewalk on Both Sides

Item	Reconstruction	New Construction	Cost
General Costs	\$97,048.28	\$85,396.72	\$182,445.00
Street Costs	\$791,442.00	\$237,252.00	\$1,028,694.00
Sidewalk Costs	\$0.00	\$180,600.00	\$180,600.00
Storm Sewer Costs	\$0.00	\$278,570.00	\$278,570.00
Engineering / Finance / Administration	\$270,985.72	\$238,451.36	\$509,437.08
Total	\$1,159,476.00	\$1,020,270.08	\$2,179,746.08

In addition to the street improvements, additional lighting should be considered for the roadway. There are 4 primary options for this lighting with the costs shown in the table below. Two styles and layouts were considered.

Table 3 – Lighting Options

Item	Cost
Decorative Lighting (1 Side)	\$338,000.00
Decorative Lighting (2 sides)	\$294,000.00
Overhead Lighting (1 Side)	\$172,000.00
Overhead Lighting (2 Sides)	\$216,000.00

5.1 Assessments

The City's policy is to assess for new improvements to streets. The improvements on Sundial Drive that are assessable include concrete curb and gutter, sidewalk, storm sewer, and lighting. The assessment rates are shown in the table below. Assessment terms are set by the City Council but a 10-year term is recommended for the size of the assessments. The interest rate charged should be based on market rates at the time of adoption. This rate covers annual fees charged by Stearns County and also administrative costs related to the collection and management of assessments.

Assessments are calculated based on the benefit of the improvements relative to the size of the parcel. Assessments could be calculated based on either area or front footage and are similar regardless of the methodology chosen.

For the Sundial Drive Project area, the benefiting properties will be assessed by area for the storm sewer improvements. Concrete curb and gutter, sidewalk, and lighting will be assessed by the front foot receiving benefit. Each assessment rate can be found in the table below.

Table 4 – Assessment Summary – Street and Storm Sewer

Item	Cost	Unit	Total Units	Rate
Storm Sewer	\$260,770.00	Acre	62.01	\$4,205.29
Street	\$543,133.09	Lin Ft	5022.08	\$108.15

Table 5 – Assessment Summary – Sidewalk

Item	Cost	Unit	Total Units	Rate
Sidewalk (one side of road)	\$114,000.00	Lin Ft	5022.08	\$22.70
Sidewalk (both sides of road)	\$180,600.00	Lin Ft	5022.08	\$35.96

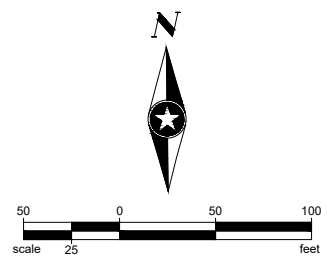

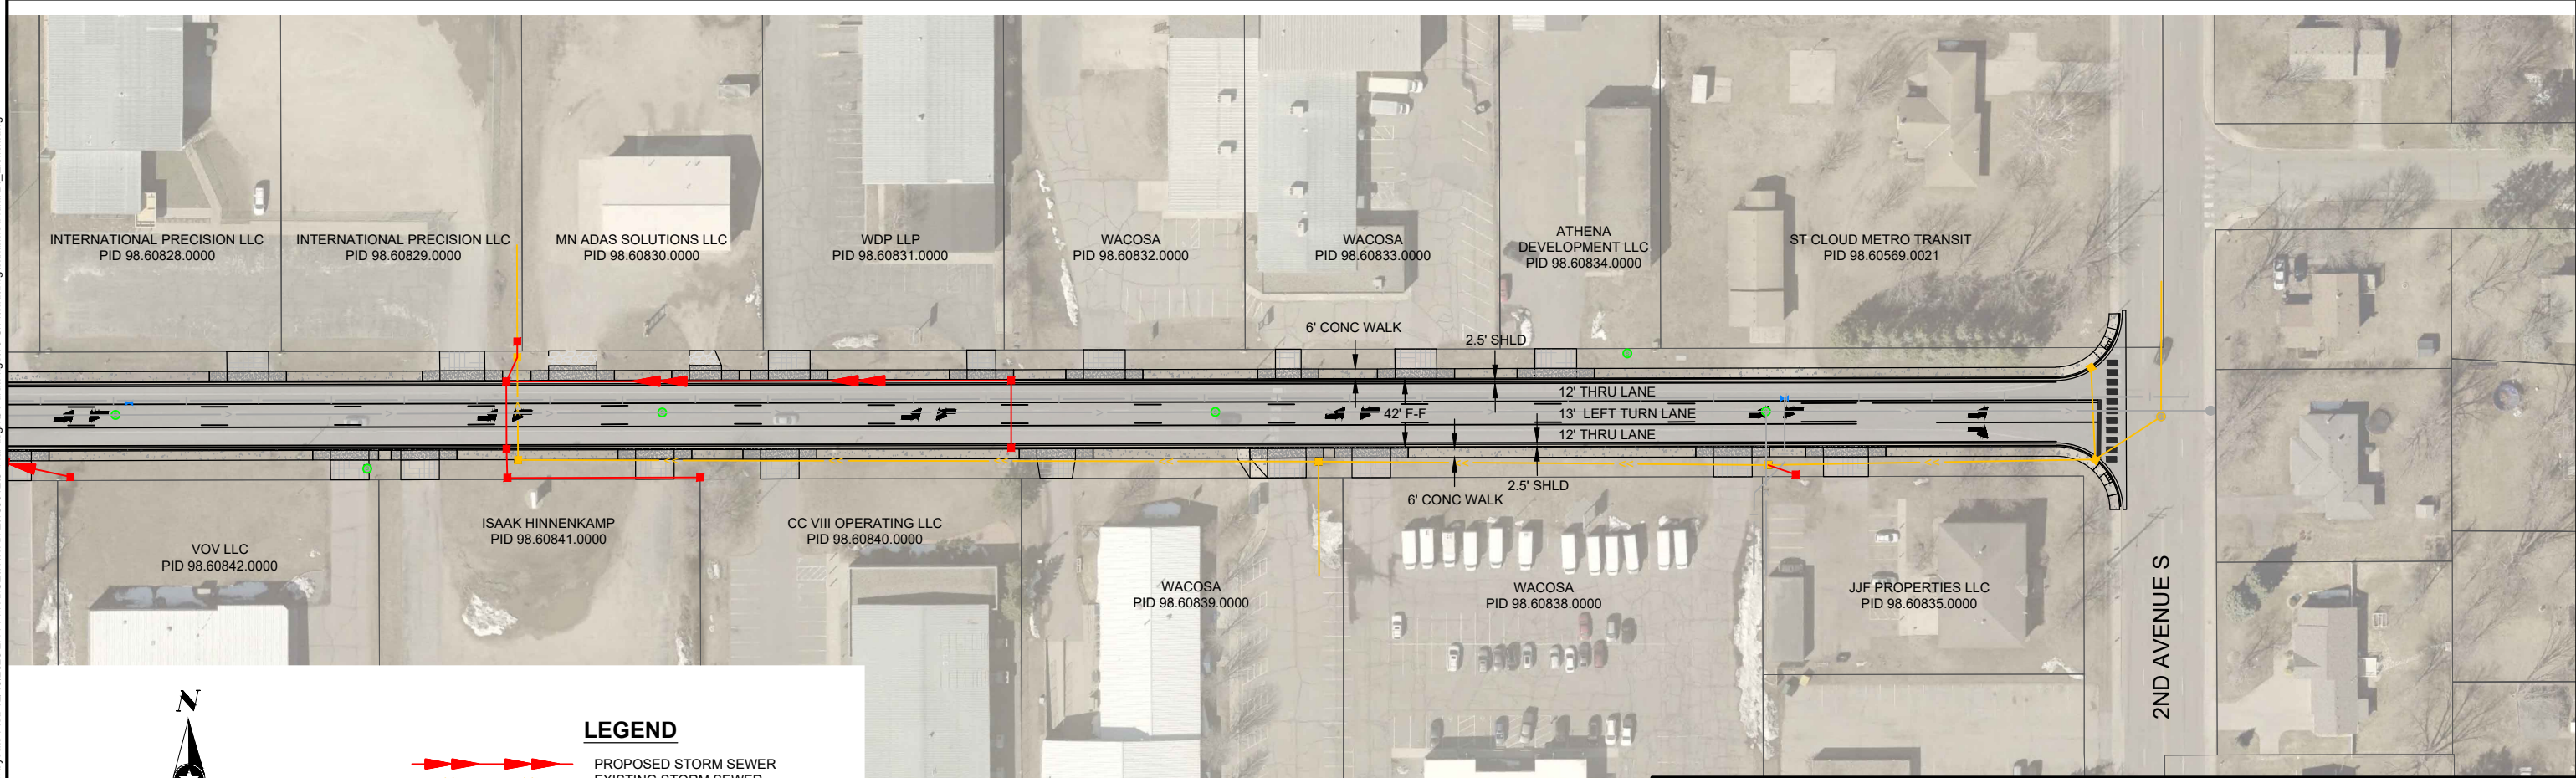

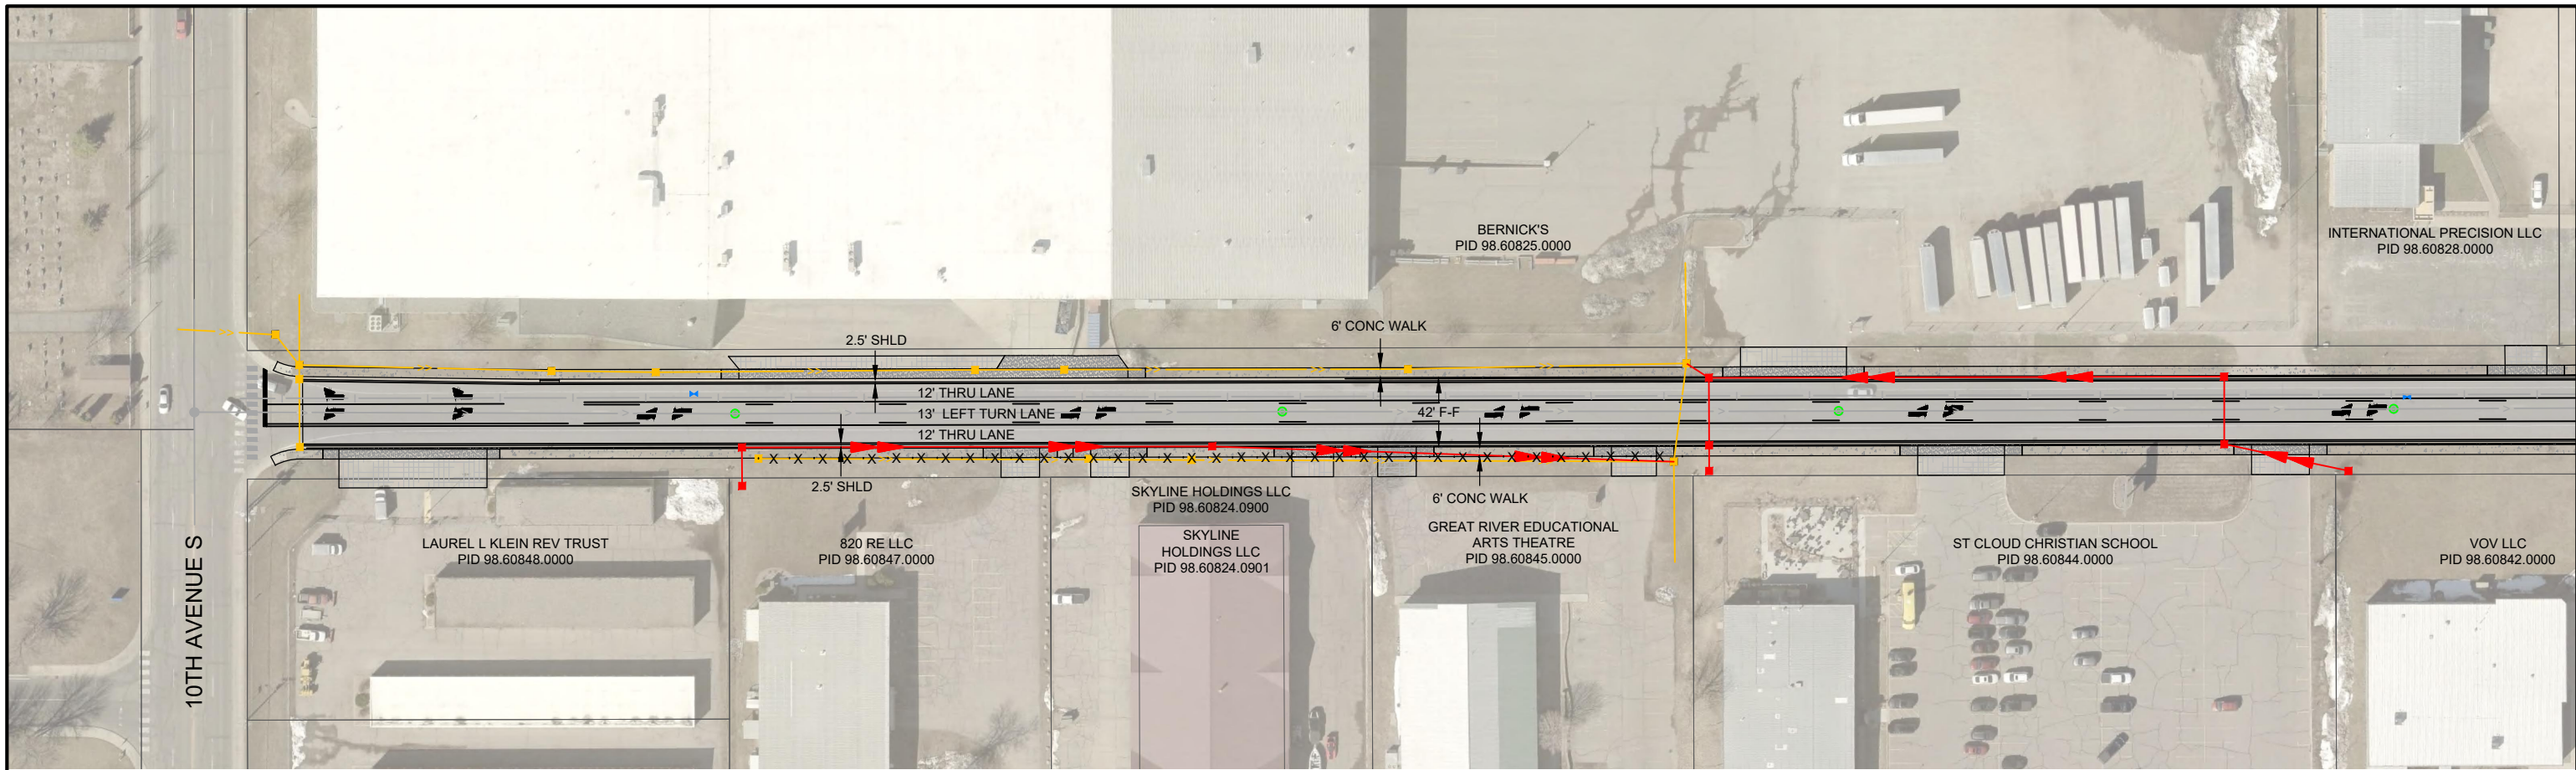

Table 6 – Assessment Summary – Lighting

Item	Cost
Decorative Lighting (1 Side)	\$294,000.00
Decorative Lighting (2 sides)	\$338,000.00
Overhead Lighting (1 Side)	\$172,000.00
Overhead Lighting (2 Sides)	\$216,000.00

Staff Report:

Issue: 2026 23rd Avenue South and 12th Street South Improvements

BACKGROUND:

As part of the Statute 429 assessment process the City engineer must complete a study to evaluate the feasibility of construction of municipal improvements. This study has been completed and is included in the council packet. The study evaluates the cost and proposed assessments associated with the City’s assessment policy and past precedence. In accordance with that precedence the city proposes to specially assess new improvements to benefiting properties on the roadways served by the project.

REQUIRED ACTION:

Approve or Deny acceptance of the feasibility study and to order the public hearing

RECOMMENDED ACTIONS:

Adopt Resolution 020226- and set public hearing for February 17th at 6:30 PM.

SUGGESTED MOTION:

Council member _____ moved to approve OR Adopt Resolution 020226- and set public hearing for February 17th at 6:30 PM, as presented OR with the following revisions: _____

Council member _____ seconded the motion.

ROLL CALL

- Councilmember Sarah Starling _____
- Councilmember Vic Schulz _____
- Councilmember Shawn Blackburn _____
- Councilmember Frank Theisen _____
- Mayor Ken Schmitt _____

Motion (Approved) (Denied)

**RESOLUTION NO. 020226-
CITY OF WAITE PARK**

**A RESOLUTION RECEIVING FEASIBILITY REPORT AND CALLING HEARING ON
IMPROVEMENT**

WHEREAS, pursuant to resolution of the council adopted December 1, 2025, a report has been prepared by the City Engineer with reference to proposed Improvement No. 2026-02, the improvement 23rd Avenue South between County Road 137 and 12th Street south and 12th Street South between 23rd Avenue South and 270 feet west of the centerline of 23rd Avenue South. Streets will be improved by reconstruction plus the addition of sanitary sewer collection and water distribution. This report was received by the council on February 02, 2026, and

WHEREAS, the report provides information regarding whether the proposed improvement is necessary, cost-effective, and feasible; whether it should best be made as proposed or in connection with some other improvement; the estimated cost of the improvement as recommended; and a description of the methodology used to calculate individual assessments for affected parcels.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF WAITE PARK, MINNESOTA:

1. The council will consider the improvement of such street in accordance with the report and the assessment of abutting property for all or a portion of the cost of the improvement pursuant to Minnesota Statutes, Chapter 429 at an estimated total cost of the improvement of \$1,271,450.

2. A public hearing shall be held on such proposed improvement on the 17th day of February 2026, in the temporary council chambers located at District 742 Administration Building 1201 2nd Street South at 6:30 p.m. and the clerk shall give mailed and published notice of such hearing and improvement as required by law.

Adopted by the Waite Park City Council on the 2nd day of February 2026.

Attest:

Kenneth Schmitt
Mayor

Adrianna Brenny
City Clerk

ACTION ON THIS RESOLUTION:

Motion for adoption:

Seconded by:

Voted in favor of:

Voted against:

Abstained:

Absent:

Resolution adopted.

I hereby certify that the foregoing is a true and correct copy of a resolution adopted by the City Council of the City of Waite Park, MN, at a duly authorized meeting held on 2/2/2026

Adrianna Brenny
City Clerk

Feasibility Report

2026 23rd Avenue South Improvements

Prepared for City of Waite Park, Minnesota

1 Project Scope

This report has been prepared for the City of Waite park to provide information regarding street and utility improvements on the following roadways:

- 23rd Avenue Southwest between County Road 137 and 12th Street South.
- 12th Street South from 23rd Avenue South to the dead end located approximately 280 feet to the west.

2 Feasibility

The project, as presented in this report, is both cost effective and feasible from an engineering perspective. The opinion of probable project costs is presented to assist the City in determining the feasibility of the project from a fiscal perspective. The projects are necessary to replace failed bituminous street pavements and to provide sanitary sewer and water system access to the area.

3 Existing Conditions

Both 23rd Avenue and 12th Street were both originally constructed as township roads. Records regarding the age of the pavement do not exist, but based on historical aerial photographs, the roadways were last paved in the early 1990's. The existing roadway consists of a 22' wide rural section with ditches to provide drainage. The roadway narrows to approximately 18 feet at the end of 12th Street. The pavement section is unknown, but given experience with other inherited roadways, it is believed to be 3" of bituminous pavement with between 4 and 6 inches of aggregate base. The bituminous pavement on the roadway has completely failed. Alligator and block cracking are prevalent throughout the pavement section and across almost the entire roadway. Large patches have been previously utilized to bridge the worst of the failed pavement, but even those patches are failing. Total project length including 23rd Avenue and 12th Avenue will be approximately 1840 feet.

The roadways currently primarily serve 4 developed properties and several vacant parcels.

- Tri-County Action Program (Tri-Cap) that provides bus services to the area. Business runs a fleet of buses from their onsite garage and employee parking. Tri-Cap does provide services to the general public that requires in person visits to their campus.
- Two excavating companies that frequently utilize the roadway to haul heavy equipment. Molitor Excavating and Summit Excavating both have 23rd Avenue as their only entrance. The excavators contribute heavy loads to the roadway when hauling equipment and aggregates to and from their sites. Summit Excavating is the only user on 12th Street as it dead ends into their yard.

- Theisen Electric is the other user. The parcel does not contribute much traffic or loading on the roadway.
- One business, Felling Products, does have significant frontage to 23rd Avenue but currently has access onto CSAH 137 and not 23rd Avenue.
- Vacant parcels include:
 - 8.57 Acres (925.49 feet frontage)
 - 4.19 Acres (170.08 feet frontage)
 - 2.28 Acres (286.8 feet frontage)
 - 1.98 Acres (0 Road frontage)

In 2008 the sanitary sewer and water extension on Stearns County Road 137 provided stubs to both the sanitary sewer and water system into 23rd Avenue, but no utilities currently exist in the roadway. Parcels adjacent to 23rd Avenue and 12th Street are served by private well and septic systems.

Limited storm sewer is located within the project area due to the rural section roadway. There is a small system located along CSAH 137 but the remainder of 23rd Avenue and 12th Street are driveway culverts only. Significant drainage problems along the roadway have not been observed.

4 Proposed Improvements

The proposed improvements include reclamation of the existing roadway and repaving to bring the roadway to a 10-ton section given its use as a haul route for the excavating companies and the fleet of buses. The roadway will be brought to a 24-foot width and remain a rural section. The new street section will consist of 8" of aggregate base and 5" of bituminous pavements. The contractor will be allowed to crush the existing asphalt on site and utilize as Class 6 base material.

Sanitary sewer will be extended from the stub in CSAH 137 utilizing 8" PVC sewer pipe and manholes spaced every 400 feet. Services will be installed as close to existing septic systems as possible to facilitate connection of the adjoining parcels. 6" services to vacant parcels will be installed at reasonable intervals, or as requested by the property owner.

Water main will also be extended from the stub in CSAH 137 and placed in the roadway. Hydrants will be placed on the back side of the ditch to avoid conflict with drainage. Services will be installed in the size and type requested by property owners. It is assumed vacant lots will be provided a larger service line for future fire protection if needed.

Culverts will be installed where the ditch crosses driveways, but no major storm water collection system improvements are planned with the project.

5 Project Cost

The probable cost for the improvements is summarized in the table below. A detailed cost estimate appears in the appendix.

Table 1 – Cost Summary

Item	Cost
General Costs	\$73,824.00
Street and Storm Sewer	\$381,800.00
Sanitary Sewer	\$251,106.00
Water Main	\$243,620.00
Turf Restoration and Erosion Control	\$24,500.00
Construction Contingency	\$97,500.00
Engineering	\$169,900.00
Legal, Fiscal, Administrative	\$29,200.00
Total	\$1,271,450.00

5.1 Assessments

The area was identified in the County Road 137 project as having received benefit from trunk utilities installed with the project. These costs were not assessed at the time and were to be included as trunk fees in a future project. The current assessment worksheet reflects these costs. In accordance with past practice, the City will assess for new improvements associated with Sanitary Sewer, Water Main, and streets. A summary of the assessment rates can be found in Table 2.

5.1.1 Water Main

Parcels will be provided a single service of adequate size to provide future fire protection if desired. Assessment rate will be based on the area of the parcel served by the new water main. Additional services to larger parcels will be installed at the owner's request with the additional cost being born by the property.

5.1.2 Sanitary Sewer

Parcels will be provided a single service of adequate size to connect a future commercial building. Assessment rate will be based on the area of the parcel. Additional services to larger parcels will be installed at the owner's request with the additional cost being born by the property.

5.1.3 Street

With no major changes to the proposed street section or width, the City is not proposing to assess for street improvements.

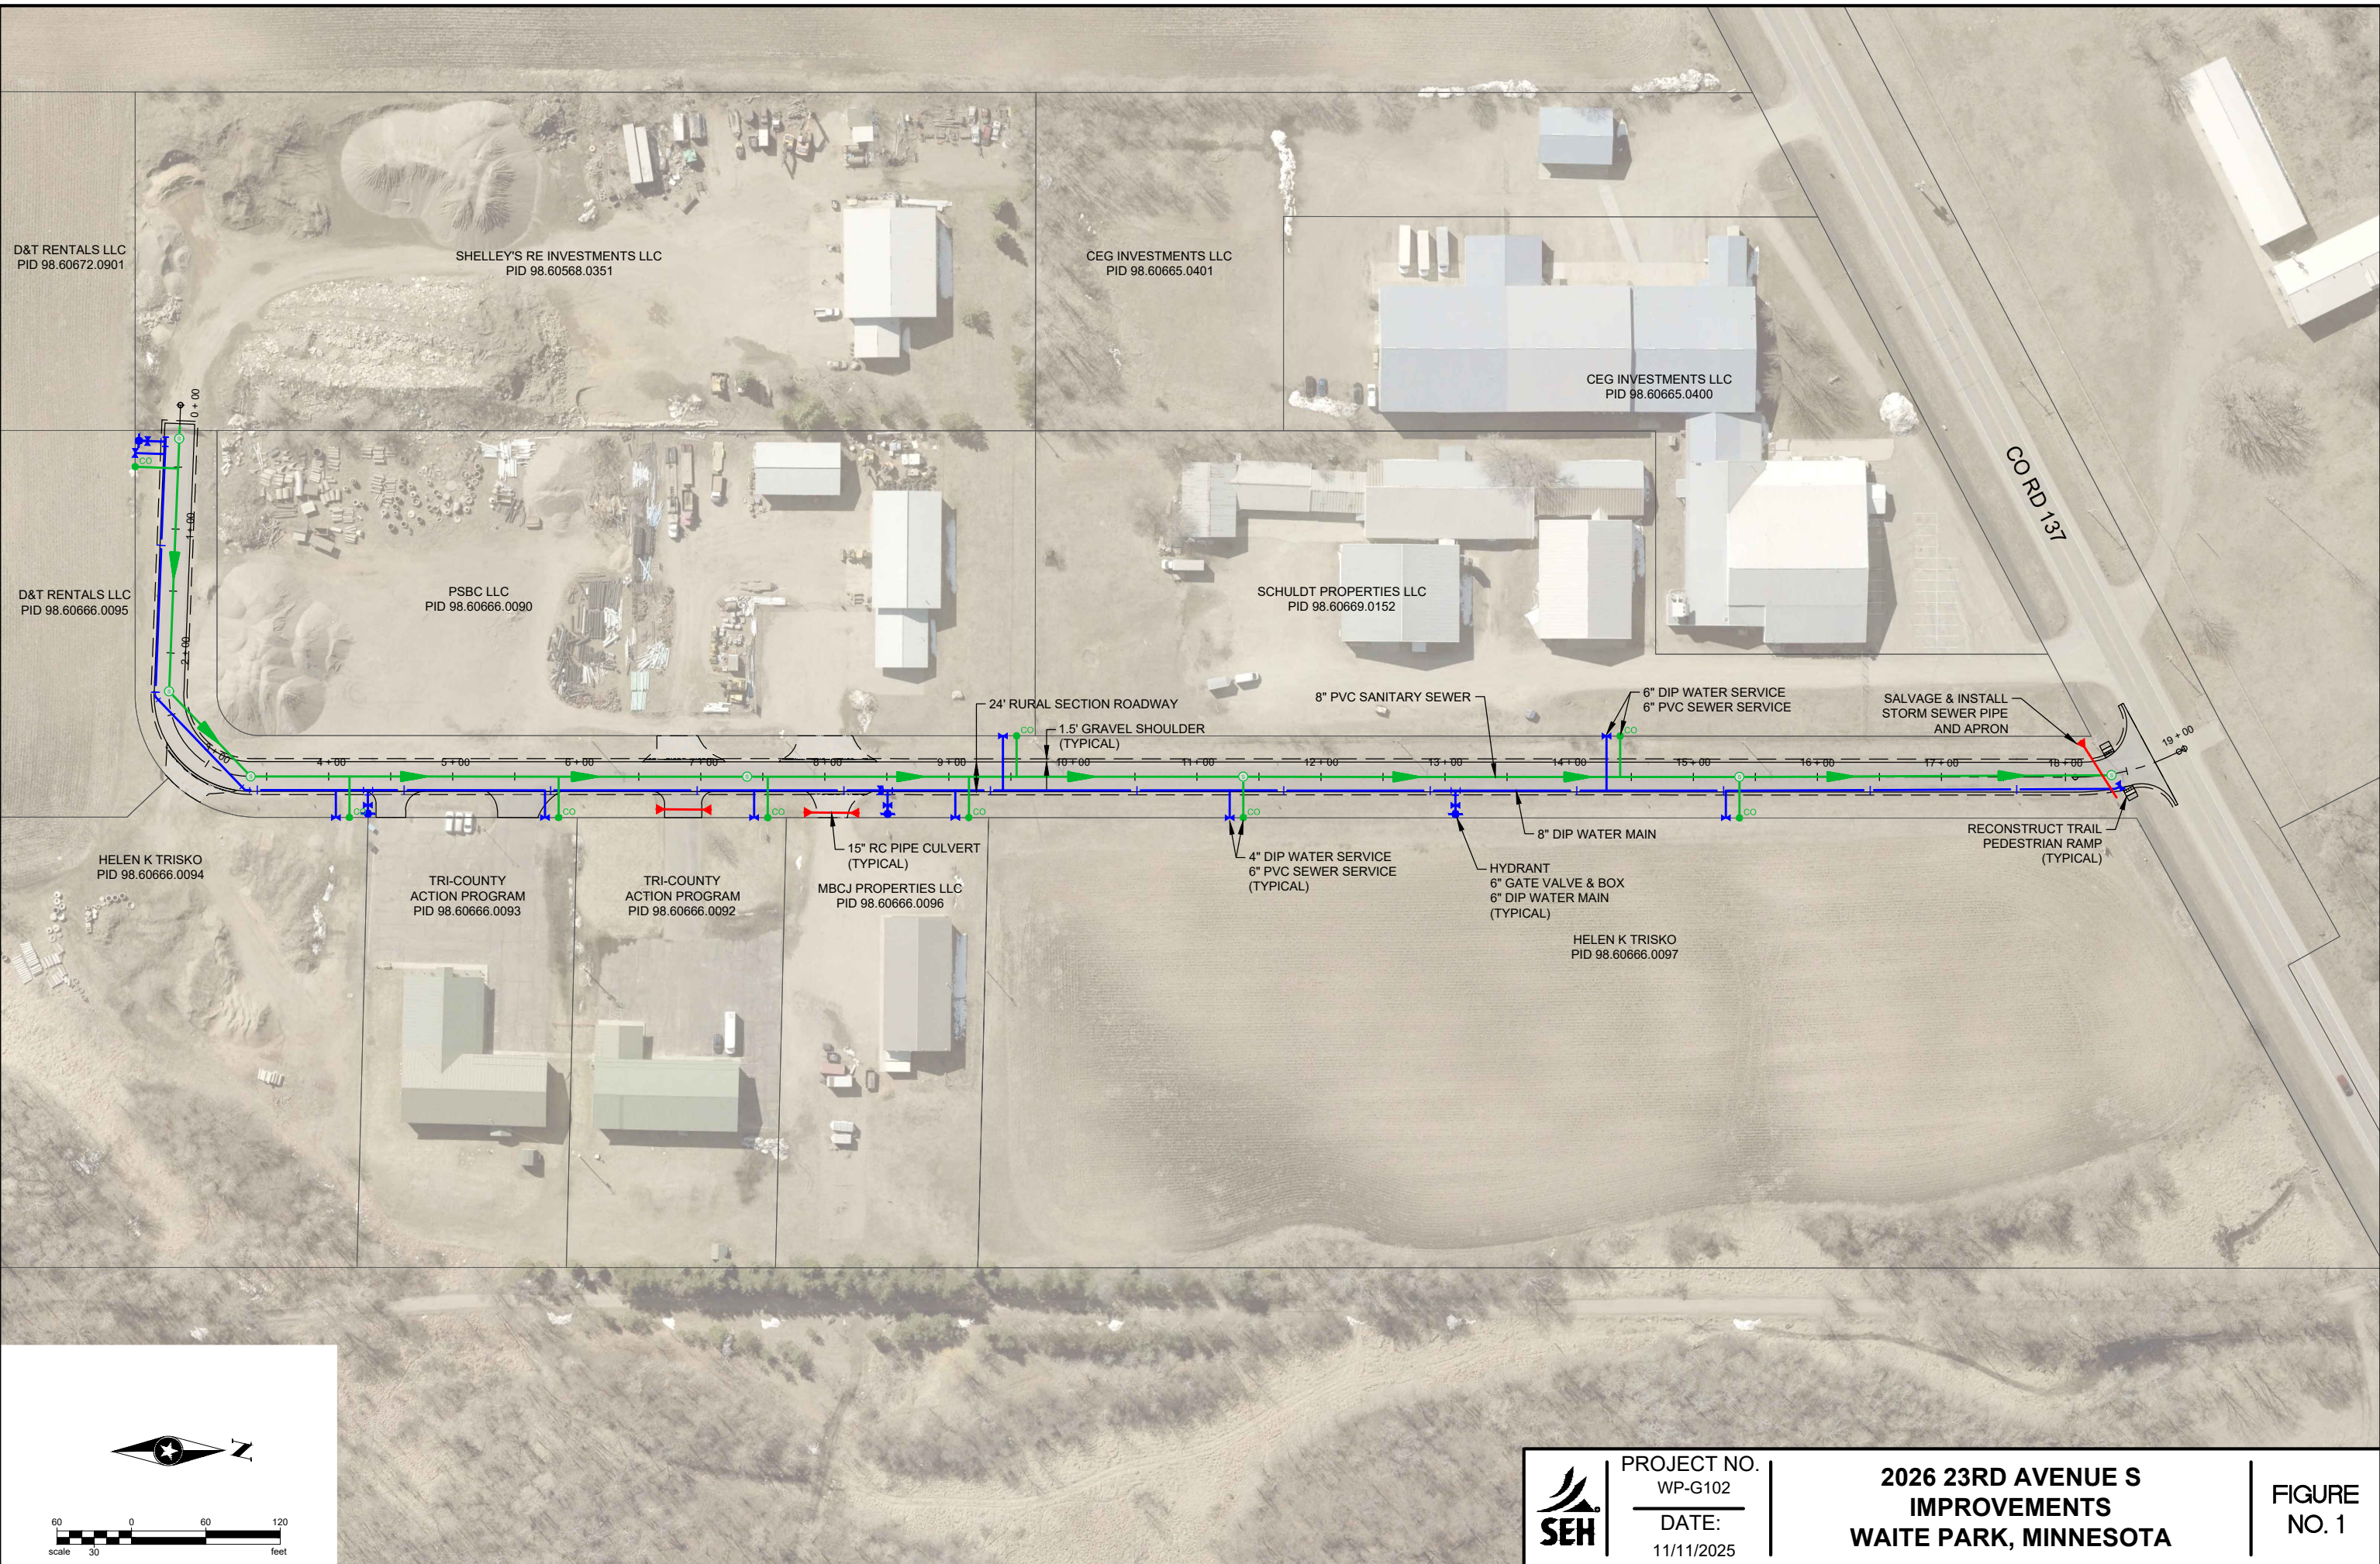

Table 2 – Assessment Summary

Assessments	Total Cost Assessed	Total Area (acres)	Assessment Rate	Total Assessed	City Cost
Sanitary Sewer	\$364,243.30	32.75	\$11,121.93	\$364,243.30	\$0.00
Water Main	\$353,384.44	32.75	\$10,790.36	\$353,384.44	\$0.00
Street	\$553,822.26	32.75	\$16,910.60	\$0.00	\$553,822.26
