## CITY COUNCIL WORK SESSION AGENDA

Lower Conference Room at Waite Park City Hall  
September 25, 2023 at 5:00 PM

1. 5:00 P.M. **Review Of Strategic And Comprehensive Plans**  
The City has been working over the last two years on developing a strategic plan allowing the City to focus on priorities for the future while also updating our comprehensive plan. The City recognized the importance of having these two plans be consistent and aligned with each other. The plans included community input and are now in a final draft form. The consultants that have worked with the City on both of these plans will be present to discuss the final documents and answer any questions the council may have regarding them. The City will also be holding a public hearing on October 2nd to share these plans with the public and will then look to adoption of the plans in November by the City Council.

The entire comprehensive plan area available for viewing at Waite Park City Hall.
