CITY COUNCIL WORK SESSION AGENDA

Lower Level Conference Room at Waite Park City Hall

Monday, November 13th at 3:30 PM

1. 3:30 P.M. **Water Treatment Facility RFP Interviews**
The City has requested request for proposals from engineering firms to assist with looking at making improvements to the water treatment facility. There are four firms that will be moving forward to be interviewed with the city council. Each engineering firm will have 20 minutes to present their proposal to the city council. The city council will have the opportunity to discuss these proposals and determine if they would like to consider moving one of them forward to the city council agenda for consideration. Copies of the engineering proposals will be available at the work session for review.
2. 5:10 P.M. **Capital Improvement Plan Review For Streets**
Annually, the city council reviews the capital improvement plans for street projects to determine projects that will be completed for the next year while also looking at the 5 year plan that includes all the other remaining projects that will be considered. Staff will present this information at the meeting.
3. 5:30 P.M. **Review Of Fire Services Contract**
The fire department has been relying on the city of St. Cloud to assist in providing fire service over the last several months due to a decline in pay-per-response firefighters available to respond to fire calls. This service has really assisted in providing the additional fire service needed while still utilizing our pay-per-response fire fighters for response as well. The city has worked with St. Cloud on a fire service contract that will formalize this service. Staff would like to discuss this proposed contract with the city council.
